

Hyundai Total Solutions

Hyundai Total Solutions

OWN

**5 Years Unlimited
Mileage Warranty**

5 Years Roadside Assistance

Flexible Finance Options

Hyundai offers an award-winning range of vehicles across all powertrains to suit your needs. We pride ourselves on being able to assess your fleet needs and assist in identifying the correct car and engine type that will serve you best throughout your ownership of each vehicle.

Every Hyundai passenger vehicle comes equipped with a 5 Year Unlimited Mileage Warranty, 5 Years AA Roadside Assistance, and 5 Years Free Health Checks.

With multiple locations around the country, we are also well placed to ensure your maintenance needs are at the forefront of our minds regardless of where your vehicles are at any point of your ownership journey.

The ability to offer, Petrol, Diesel, Self-Charging Hybrid, Plug In Hybrid and Electric powertrains means we can be a one stop shop for your fleet needs. As part of an initial consultation, we offer expert advice on not just our vehicles and price but a full explanation of the technology within our cars and any available grants that are applicable i.e. – Electric cars.

Finally, we have a full-time dedicated team that are available by phone to offer any support or advice you may need throughout your purchasing and ownership journey.

LEASE

Fixed Monthly Pricing

Hyundai Leasing is a unique one-stop solution that bundles all your costs into one easy monthly repayment. Hyundai Leasing offers you a hassle-free approach to running your vehicles – by combining the vehicle finance, maintenance, servicing, tyres, and road tax into one fixed monthly payment – you can usually drive away with no deposit.

Maintenance & Road Tax Included

There are multiple financing options when looking to add to your fleet these days, here are some unique points to consider why Leasing is the right option for you.

Telematics Service for theft prevention and scheduled Service reminders

1. No Big Payments – No large deposit required or lump sum due at the end of the term

2. Fixed Monthly Cost – When you lease with Hyundai, your package is tailored to suit you and your budget with no surprises or catches.

3. Flexibility – We have all powertrains available from Petrol, Diesel, Hybrid, Plug in Hybrid and Electric to choose from, as well as Passenger and commercial vehicles.

4. Support – Hyundai Leasing has full time dedicated team that are on hand to support you at every turn, we pride ourselves in being available via Phone as well as email to all our valued customers.

5. Telematics – Hyundai Leasing provide full telematics on all vehicles to ensure your vehicles are serviced and maintained within the manufacturer guidelines on time and at the correct mileage / date intervals. The process involves your fleet manager receiving an email with a time, date, and service location to choose from and a booking confirmation is then sent.

RENT

Flexible Multi Month Plans

Hyundai Rent allows for additional flexibility over traditional leasing with no long-term commitment. Shorter term flexible multi month plans can be created depending on business requirements across the Hyundai passenger car and commercial vehicle range.

No Long Term Commitment

The agreed monthly figure covers delivery, road tax, scheduled Hyundai vehicle maintenance, GPS telematics device for theft prevention and if required insurance and M50 toll management.

No Risk Residual Value on Asset

Perfect for seasonal business requirements, employee probation periods or short-term employee contracts.

SHARE

Total Flexibility & Free Sign Up Process for Driver Verification

Insurance & Fuel Covered as well as first 50km Free

**Rent from €9 per hour.
Rent for an Hour, Day,
Week or Month**

Hyundai Share offers short term mobility solutions through Driveyou Car and Van Sharing. Driveyou uses state of the art car sharing technology matched to an advanced, reliable, and secure vehicle sharing app with backend platform.

The user can book and unlock a vehicle via the Driveyou app. Electric vehicles on the platform can be monitored by the user to show the vehicle state of charge, and eliminates the use of a traditional car key – the user has full functionality through the Driveyou app. Driveyou has a fleet of vehicles on street and available for use by public members of the service but offers dedicated sharing vehicles and a unique section within the app for businesses and their employees.
